

The Arkansas Highway Commission made a smart decision Thursday when it went on record to re-route local governments to clear up all right-of-way matters before the state begins constructing new roads.

Some people feel that any government beyond their immediate neighborhood is a legitimate target for excessive property claims when it becomes necessary to re-route a highway. Putting the responsibility on each county and city to clear up its own state highway right-of-way questions is a pretty sure method of guaranteeing that justice will be done both the local citizen and the state gasoline taxpayer who is footing the road construction bill.

The current decision was forced on the highway commission by the necessity of straightening and shortening a couple of trunk highways. One is the notoriously crooked stretch on U. S. 70 between Benton and Hot Springs, a matter of miles; and the other is the 10.5-mile lap on U. S. 71 from Fayetteville to Springdale to Rogers.

Local government in both areas has been given 90 days in which to notify the state it will assume the right-of-way liability. Then the state government will move in, saving its money for actual construction instead of wasting it on property quarrels.

There is no particular injustice in this policy. Local governments don't have to tell the state anything unless they want to. But communities which don't co-operate in settling sticky right-of-way issues will simply see the state's road money spent in areas where the people demonstrate they are ready for it.

The new order of the day in Little Rock is simply this: Highway money will be spent where it will obtain the most miles per dollar — and this makes sense.

## Businessmen Visit Coca Cola Plant

Hope Coca Cola Bottling Plant is one of the cleanest, most modern soft drink plants in the Southwest. It was explained to a group of about fifteen local merchants who visited the plant recently that the ingredients that make up the bottle of Coca Cola never touch anything except stainless steel surface.

Marlin Pool and Luther Holloman conducted the businessmen through the plant and explained the operations in the Hope Plant serve almost all of Hempstead county and the McKamie, Bussey, and Taylor area to the Louisiana line. Three to four trucks are required to service the territory.

The local plant was modernized and re-modeled in 1947, with all new equipment being installed. The present equipment, along with 13 employees, can maintain a daily production record of 1150 cases of Coca Cola. The annual payroll is approximately \$30,000.

The plant operates its own water treating and purifying system to insure the proper chemical analysis of the water. The Coca Cola Company, from whom the local franchise is held, makes a plant inspection and runs a complete laboratory test on both the ingredients and finished product twice each year.

In order to insure a clean bottled drink, each bottle is inspected twice during the process, once before filling and once after being filled. In addition to inspection of the filled bottle, a carbonation test is run once each hour to insure a consistent blend and taste in the bottled Coca Cola.

## Conscience Stricken Escaper Feels Better

NASHVILLE, Tenn. (AP)—Clinton Olive of Des Arc, Ark., who voluntarily returned to the state prison here after escaping 10 years ago, says he feels better about it already.

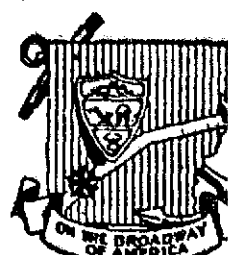

And the 31-year-old farmer may be rewarded. His case goes before the State Board of Pardons and Paroles next Wednesday just one week after he turned himself in.

Olive, sentenced to 10 to 20 years for voluntary manslaughter for killing Alvin Hodge in Lawrence County, Tenn., escaped after serving four and one-half months.

For the past few years he has made his home at Des Arc, living under his real name. Married he has three children and is expecting a fourth.

Olive was listening to a religious broadcast when he decided to return. His wife encouraged him. "You'll never rest easy until you go," she said.

## Big Four Meet Not Purpose of Conference

By DONALD J. GONZELS

WASHINGTON (UP) — President Eisenhower's unity-promoting leaders next month will not lead to a Big Four meeting with Russia while the Communists are promoting aggression, Secretary of State John Foster Dulles made clear today.

Dulles chilled hopes of British Prime Minister Winston Churchill for a later big power conference with Russia in talking to reporters at a news conference in New Delhi, India.

"I doubt that any important results could come out of a high-level conference which included the leaders of Soviet Russia as long as the Soviet bloc is promoting war and aggression in Korea, against Laos and in Indochina and as long as in Europe they refuse to withdraw occupation troops from a small, inoffensive country like Austria," Dulles said.

That is the theme that has been voiced by Mr. Eisenhower. The President wants concrete evidences of good faith and actions to promote world peace on the part of Russia before sitting down with Soviet leaders.

Administration officials said Mr. Eisenhower's primary purpose in getting together with British and French leaders in Bermuda next month will be to forge three power unity where dangerous splits are developing.

He wants to harmonize American-British-French views on key world issues.

The administration is dead set against risking a Big Four conference in which the Russians could exploit Allied disunity and confusion.

The Commission called on Director Herbert Eldridge to replace 10 bridges, now in a critical condition, at a cost of \$499,000. Four bridges are on Highway 14 in Jackson County; four on Highway 11 in Cleveland County; one on Highway 18 in Lincoln County; and one on Highway 27 in Hempstead County.

The commission meets again June 25 to award contracts totaling some one million dollars.

WASHINGTON (UP) — Sen. Wiley (R-Wis.) proposed today that President Eisenhower temper possible congressional criticism of Big Three conference decisions by taking along representatives of both parties.

Eisenhower will be under pressure from lawmakers on several vital issues to be discussed with Prime Minister Churchill of Great Britain and whoever is French Premier at the time of the mid-June meeting, probably to be held in Bermuda.

Wiley, who heads the Senate Foreign Relations Committee, said in an interview he believes the presence of a Republican and a Democratic congressional leader as conference observers "might help give Congress a better understanding of the problems faced by our Allies."

One of these problems is an apparent determination by Great Britain to back Communist China's bid for a seat in the United Nations as part of the price for a settlement in Korea.

Wiley has joined a group of Republican senators publicly committed to opposing Red China's U. N. entry under any circumstances. In a speech here yesterday he said there must be no "appeasement" of Communist aggressors.

"We cannot reward Communist gangsterism by admitting the Chinese Communist regime to the United Nations," he declared. "Nor should we yield in the slightest in our strong opposition to the forced repatriation of prisoners of war in Korea."

## Middle Aged Man: His Colt Days Are Over But He Is Too Young to Turn Out to Pasture

By HAL BOYLE

NEW YORK (AP) — In the spring a young man's fancy lightly turns to thoughts of — well, what many a middle-aged fellow have been thinking of all winter.

Love is a subject the middle-aged man isn't supposed to concern himself much with. By now he is expected to have his affairs of heart settled, and to devote himself to more serious matters.

The middle-aged man is the workhorse of our civilization. His colt days are past, he is too young to be put out to pasture, and the world counts on him to bend into his harness and plow a straight furrow, and no nonsense about it.

This is what most middle-aged men do. They accept the harness whether it chafes them or not, and quietly go about their duty, until they drop or are retired.

But even a workhorse must rest.

## Oglesby Third Graders Take Train to Prescott

Wednesday members of the Oglesby Third grade, along with their teacher, Mrs. Royce Weisenberger, and five room mothers, Mesdames Belk, Rothwell, Wilson, O'Steen, and Russell, took a train ride to Emmet and Prescott as their "end-of-the-school" activity.

At Emmet the group toured the Arkansas Louisiana Gas Company's compressor station and at Prescott they had hamburgers and soft drinks at the D & D Grill and went to the city park for games.

On their return trip they enjoyed a comfortable ride in an air-conditioned coach. Many of the youths had never ridden on a train before. They were served ice cream when they returned to school.

## County Seeks Aid on Washed Out Bridges

LITTLE ROCK (AP) — The Arkansas Highway Commission let contracts for 18 projects, costing \$2,245,000, and issued far-reaching policy statements concerning public works and rights-of-way yesterday.

About 130 contractors submitted bids on the construction jobs. Nearly all the individual projects were below the engineers' estimates.

Mississippi Valley Contracting Co., of Paragould, which submitted a bid first announced as \$88,104 for 5.35 miles of flexible course on Highway 61 east Road, Highway 150, in Mississippi County, received the contract when a \$3,000 adding error was discovered. Its true bid was \$85,104.

All other jobs were awarded to the low bidders as originally announced.

The Commission called on Director Herbert Eldridge to replace 10 bridges, now in a critical condition, at a cost of \$499,000. Four bridges are on Highway 14 in Jackson County; four on Highway 11 in Cleveland County; one on Highway 18 in Lincoln County; and one on Highway 27 in Hempstead County.

The commission meets again June 25 to award contracts totaling some one million dollars.

## Dulles Asks Russia to Show Sincerity

NEW DELHI, India (AP) — U. S. Secretary of State Dulles called on the Russians today to show the sincerity of their peace overtures on three fronts — Korea, Laos and Austria.

As Dulles' boss, President Eisenhower, British Prime Minister Churchill and the French government prepared for a Big Three meeting on East and West questions next month in Bermuda, Dulles told the first press conference of his Middle East tour:

"I doubt very important results could come out of any high level conference including the leaders of Soviet Russia so long as the Soviet bloc of nations is promoting the wars in Korea and Laos, and so long as they refuse to restore freedom to Austria."

Dulles met with some 100 Indian and foreign newsmen as he wound up a three-day visit here prior to his departure for Karachi, capital of neighboring Pakistan.

To a left-wing journalist who implied that the U. S. feared the Soviet Union, Dulles retorted, "The United States is not afraid of the Communist bloc. We are entirely confident of our strength and power."

## Rodeo Will Be Strictly Amateur

The Hope Roundup Club is sponsoring a non-professional rodeo in the Coliseum May 28, 29, 30, with Roundup Circle No. 3 taking on the responsibility of producing the show.

Circle 3 has arranged to bring in Amateur Rodeos Exclusively, under the direction of Gordon Grant of Oklahoma City, Ada, Okla., Naples and Linden, Texas and will show at DeQueen before coming to Hope.

A new string of stock is used in each rodeo, allowing the stock a rest between shows. Each event will have from eight to twelve contestants such as bareback bronc riding, calf roping, bullfighting, bulldogging, etc. Each event will be held every night with more than 30 cowboys entered.

These cowboys are amateurs — those who like to be in rodeos for the sport. They do not enter professional shows, however, many who turn amateur are no longer allowed to re-enter professional ranks. The professional is a cowboy who makes the big towns and does nothing else during rodeo season. In the Hope show there will be riders from Texas, Louisiana, Oklahoma, Kansas and Arkansas and many young local riders will take part.

Other attractions include the Texarkana Quadrille, Ole Neal O'Woods the famous rodeo bullfighter from Longview, Texas, clowns, etc.

Wolves come down from the mountains of Italy in winter to kill sheep and some have been reported in the suburbs of Rome.

## Living Cost Edges Higher, Report Reveals

WASHINGTON (AP) — Living costs, as measured by the government, edged up slightly between mid-March and mid-April.

The Bureau of Labor Statistics reported today that its consumer's price index advanced one-tenth of one per cent during the month. Retail food costs declined a bit but other consumer costs rose slightly.

The index at mid-April was 113.7 per cent of the 1947-49 average. This means, roughly, that purchases costing about a dollar five years ago cost nearly \$1.14.

Living costs now are near the peak set last November when the index was 114.3. To mid-April figure was about one-half of one per cent under the November record.

The bureau said that living costs now are seven-tenths of one per cent above a year ago and 11.7 per cent more than when the Korean War began.

Food costs, which reached a peak last August now are 2.1 per cent below a year but 10.9 per cent above the level when the Korean War began.

Food costs declined two-tenths of one per cent from mid-March to mid-April. Housing expenses, including rents and household maintenance averaged two-tenths of one per cent higher.

Apparel costs were down a bit with clothing prices lower but footwear prices higher.

The bureau reported increases in costs of medical care, cigarettes, transportation, gasoline, auto repairs, move admissions and television repair. Some of these increases were only local among cities in which the bureau collects its price information.

## Tidelands Bill Signed Into Law by Ike

WASHINGTON (UP) — President Eisenhower signed the controversial tidelands bill into law today, but served notice that he opposes giving states offshore oil rights beyond their historic boundaries.

The new law gives coastal states title to offshore lands out to their historic boundaries.

Mr. Eisenhower said in a statement that the new law recognizes the "ancient rights of the states in the submerged lands within their historic boundaries."

But, he added, offshore lands beyond the historic boundaries "should be administered by the federal government and income therefrom should go to the federal treasury."

Historic boundaries for more coastal states is three miles out to sea. But they got out about 10 1/2 miles for Texas and the West coast of Florida.

## Negro Cemetery to Be Cleaned

Cave Hill Cemetery, adjoining Rose Hill, will be cleaned, starting Saturday morning at 8 o'clock, it was voted last night at a meeting of the Negro Civic Improvement Association.

Realizing the cemetery is in bad condition the organization has issued an appeal to all interested citizens to help clean it Saturday. Everyone is asked to help.

It is hoped to complete the job within a few days.

In the past five years, the amount of feed needed to produce a three-pound broiler has been reduced from 10 1/2 pounds to about 9 pounds.

## Extend Forecast

LITTLE ROCK (AP) — The U. S. Weather reau here said today that temperatures during the next five days will average 2 to 5 degrees above normal.

Precipitation will be moderate to heavy, with scattered showers.

Conder ather was forecast for Sunday Monday.

Normal minimum temperatures during the next five days are 58 to 65; normal maximum, 80 to 88.

## Newsbriefs

JONESBORO (AP) — Mrs. Dora Gayn Mauns, 27, substitute clerk in Manila, Ark., postoffice for about three years, today waived primary hearing on a charge of stealing from the mails.

U. S. Commissioner Homer McEwen set her bond at \$500 for her appearance in federal court next fall, she posted bond and was released.

WASHINGTON (AP) — Leaders of American for Democratic Action (ADA) today assailed what they termed President Eisenhower's "lack of leadership" and declared Republican policies on reduced defense spending and congressional investigations threaten the "strength and freedom" of the United States.

FORRES CITY (AP) — A double tragedy befell a Salem, O., couple here when 2-year-old Walter Davis died of heart attack, and his wife was stricken with a serious illness.

The couple was en route to their new home in Beaumont, Tex. They had stopped here to visit.

LONDON (UP) — American Ambassador Winthrop Aldrich conferred with Prime Minister Winston Churchill at No. 10 Downing street today, presumably discussing arrangements for the Big Three Bermuda conference next month.

## Yerger High Graduation Plans Outlined

Forty-three members of Yerger High School Senior Class, 25 boys and 18 girls, will be graduated next week. Graduation programs included:

Commencement Sermon in Yerger High School Auditorium Sunday, May 24 at 3 p.m.:

Processional; Music, "Faith of Our Fathers"; (Faber-Henry); Scripture, Rev. W. M. T. By; Invocation, Rev. O. N. Dennis; Anthem, "Let Mount Zion Rejoice" (Eberhart); Introduction of speaker, E. N. Glover, Sponsor; Commencement Sermon, Rev. William T. Keaton, M. A., Supt., Howard County Training School, Mineral Springs, Ark.; Music, "A Pilgrim's Journey"; (Arr. by Wilson); Offertory and Announcement; benediction; Recessional.

Class Night Program Wednesday night, May 27, at 8 p.m.:

Processional; Invocation, Rev. B. W. Carter; Music, "Teach Me to Pray" (Jewett); Salutatory, "Broader Vision", Sherward Williamson; Class History, Rosie L. Brandon; Class Poem, Jewel D. Gilkie; Chorus "Summer Song" (Hall); Giltorian, Glendora McFarland; Class Will, Frederick H. Newton; Class Prophecy, Dorothy Straughter; Class Song, tune: "I'll Take You Home Again, Kathleen" (Lyrics by Bernard Moses, Jr.); Valedictory, "Opportunities Unlimited", Novis M. L. Williamson; Alma Mater; Recessional.

Commencement Exercises Friday night, May 29, at 7:30 p.m. in Hammond's Stadium:

Processional; Invocation, E. N. Glover; Music "The Lord's Prayer" (Malloy); Introduction of speaker, W. V. Rutherford, Principal of Yerger High School; Commencement Address, Mrs. Vivian T. Hegwood, English Department, Dunbar High School, Little Rock, A. B. Morgan State College, A. M. University of Michigan; Music, (selected); Presentation of Class, Principal W. V. Rutherford; Awarding of Diplomas, Mr. James I. Jones, Supt. of Hope Public Schools; Special Awards; Class Song; Alma Mater.

## Anti-Proving Ground Meet Is Called

A meeting has been called for 8 o'clock Monday night, May 25, in Hope City Hall, of all persons against reactivating the old Southern Proving Ground. The session was called by W. I. Stroud.

All residents, property owners in the area and persons who don't want another Proving Ground in Hempstead, are invited to attend.

It is estimated that added U. S. population by 1975 will require 20 million more hogs, 10 million more cattle, and 3.5 more sheep and lambs.

## All Around the Town

By The Star Staff

Tonight at 8 o'clock, weather permitting, Hope Legionnaires will take on the Waldo Giants in the first game of the current baseball season. . . . Waldo has played several games, and always boasts a good team, so it looks like a natural. . . . and on sports Buddy Sutton is graduating from the University of Arkansas and local fans are sorry that the big Hope Hallback, whose ability has never been doubted here, attended the University at the wrong time. . . . but two local boys are still there and will play next year, Tommy Britt and Edsall Nix. . . . Tommy, due to graduate with Buddy, was held out a year by an injury resulting from an auto wreck.

The Roundup Club, sponsors of a non-professional rodeo stated here May 22-23-24, issued a statement today. "We of the Roundup Club are making every effort to bring the people of Hope the best Rodeo at a price we can all afford. We will assure you that every penny we make will go to the Roundup

## Democrats Shy Away From Profits Tax

By CHARLES F. BARRETT

WASHINGTON (AP) — House Democratic leaders today shied away from even a hint of support for President Eisenhower's request to extend the excess profits tax on business for six months.

If the proposal gets out of the tax-writing House Ways and Means Committee, said a leading Democratic member who asked not to be named, reluctant Republicans will have to provide most of the votes.

"The time has come for us to quit pulling the President's chestnuts out of the fire," he said. "Republican committee members will have to carry the ball on this one."

Several other Democrats on the committee privately told this stand after a caucus late yesterday with Democratic Leader Rayburn of Texas and other party strategists.

Their attitude was significant. Republicans had counted on support from probably eight of the 10 Democrats on the ways and means committee for extension of the profits tax, now due to expire June 30. Without such support, there was no assurance of enough votes to clear the bill.

## British Asked for Dope on Ship Deals

WASHINGTON (AP) — Sen. Mundt (R-SDA) said today that the free world has a right to know what British-owned ships have transported Chinese Communist troops during the Korean War.

"I am not inclined to walk long for them to volunteer it," Mundt added in an interview. "Yes, the answer had better not be 'yes, so what'."

Mundt is a member of the Senate Investigations Subcommittee headed by Sen. McCarthy (R-Wis.). A staff investigator told the group Wednesday that British-owned ships of the Wheelock-Marden Co. of Hong Kong carried Chinese Communist troops on two occasions during the Korean War. The investigator, Robert Kennedy, said there may have been other instances.

At Hong Kong P. J. Horman-Fisher, the firm's manager, denied yesterday that Wheelock-Marden vessels carried troops for the Reds. He said three of the firm's vessels have been seized by the Communists and it no longer owns a fourth mentioned as engaged in the Communist trade.

## French Plane Carrying Brass Is Riddled

HANOI, Indochina (UP) — A military plane carrying the new French supreme commander in Indochina, Gen. Henri Navarre, was riddled by Communist anti-aircraft fire today, but made a safe emergency landing.

A French command spokesman said none of the passengers was injured.

The plane, an American built C-47 transport, landed on a narrow strip at the French camp Bastion of Nagan after flying 40 miles over enemy-held jungle with one engine smashed by the "violent" anti-aircraft fire.

A French command spokesman said it was a "miracle" nobody was wounded by the hail of bullets and shells.

The plane ran into the strong Viet Minh enemy fire while flying over Moc Chau, 80 miles west of Hanoi. Nagan is 40 miles farther west.

The spokesman said the plane took off at daybreak from the Hanoi military airport on a secret flight over the dense jungle en circling the Red river delta area, where strong Red forces are moving in for an attack on Hanoi's defenses.

## 3-Day Storm Death Toll Reaches 19

### Meyer's Bakery Treats Employees With Barbecue

Meyer's Bakery Company treated employees with a barbecue supper last night at Fair park with over 65 attending.

M. D. Todd, Little Rock, manager of the brown and serve division of the organization, was special guest.

At the same time Negro employees of the plant had their barbecue party at Hosea's place with 20 present.

## Allies Still Working on Peace Revise

TOKYO (AP) — With three days left before another Korean truce meeting, Allied headquarters worked today on a revised armistice proposal that aroused optimism among Allied sources and irritation among the Communists.

Allied and Red delegates meet again Monday at Panmunjom on the deadlocked prisoner exchange issue, just major barrier to an armistice. The talks have been in recess since Saturday.

Authoritative sources say the Allied proposal may be on a "now or never" basis.

Only the official Red Peking radio called reports of a revised plan "propaganda deception," and added:

"An armistice is at hand and can be had on the basis of the communist proposal."

The Allies and Communists worked into a standoff on the future of 49,500 Red prisoners who refuse to go home.

## Four Dead in Tornado Near Canada

PORT HURON, Mich., May 22 (AP) — A tornado that ran wild over the Canadian border far to the north of accustomed haunts left at least four dead, scores injured and damage in the millions.

The storm struck late yesterday with a force that lifted part of a freight train from its tracks.

Damage in Port Huron alone was estimated at one million dollars by City Manager J. B. Gibby. It was reported heavier across the St. Clair River in the Canadian city of Sarnia. The twin cities have a population of about 35,000 each.

The know dead are: Charles La Forest, 83, whose home four miles southwest of here was blown away; he lived alone.

Springbank, Ont., a crossroads 40 miles east of Sarnia — Simon Thompson, 50; and his 8-year-old daughter Dorothy, and Miss Sarah Macintosh, about 80. The storm shattered their homes.

Rescue workers dug into the debris on both sides of the border in a search for additional victims.

Thirty-six persons were treated for injuries in Port Huron. Of the 12 hospitalized, five were listed in a critical condition.

In Sarnia, more than 50 persons were treated for wounds and 15 of them were hospitalized.

## Station Cigarette Machine Looted

A cigarette machine at Billy Mont's service station downtown on Third was looted of approximately \$38.25 in quarters sometime last night, it was reported to City Police today.

The machine had been broken open. Usually when one is robbed several more are broken into, but officers had no reports of others.

## Evening Shade Singing Sunday

Singing services will be held at Evening Shade Baptist Church, six miles south of Hope on Highway 26, Sunday afternoon at 2 o'clock. The public is invited.

## Floods Threaten Throughout Louisiana, Texas

TEXAS and Louisiana battled floods today and violent storms whipped across the Midwest on the heels of a tornado that hit a 70-mile section of Michigan and Ontario.

The Chicago weather Bureau warned at mid-morning of the possibility of tornadoes late today in Indiana and Illinois south of a line extending from Quincy and Danville, Ill., to Crawfordville, Ind.

Storm winds for three days already totaled 19.

Five persons were killed and 39 injured by a twister that dipped into Port Huron, Mich., and Sarnia, Ont., as it cut across southeastern Michigan and western Ontario last night. That twister dissipated today over Watertown, N. Y.

About 27,000 persons had been evacuated from their homes in flood areas of southwest Louisiana and southwest Texas.

Thunderstorms and high winds plagued sections of the Midwest, sweeping down through Iowa, Illinois and Indiana.

## French Plane Carrying Brass Is Riddled

HANOI, Indochina (UP) — A military plane carrying the new French supreme commander in Indochina, Gen. Henri Navarre, was riddled by Communist anti-aircraft fire today, but made a safe emergency landing.

A French command spokesman said none of the passengers was injured.

The plane, an American built C-47 transport, landed on a narrow strip at the French camp Bastion of Nagan after flying 40 miles over enemy-held jungle with one engine smashed by the "violent" anti-aircraft fire.

A French command spokesman said it was a "miracle" nobody was wounded by the hail of bullets and shells.

THE STORY OF MARTHA WAYNE

By Wilson Scruggs

Christianity MUST Win! . . . . CHRISTIANITY WILL WIN!

Almost every great teacher of morals or of religion has said just what Jesus of Nazareth proclaimed. In every land and in every age it is the basic rule of good living; you cannot improve on it. Therefore do not try to change it, but live it. It will work in the experience of every man and of all men. It will make for happiness for each man and for each society of men; it works in the home, in the school, in the business, and in the nation and world.

What do you really wish that men would do to you? Let you alone and allow you to go your own way? Try it, and you will have a lonely world. There could be no homes, no neighborhoods, no nation.

Do you wish other men to work for you and for your success, while you forget their welfare? What sort of a world would that make, if all the rest did the same? Strife and war, with bitterness and suffering and sorrow for all. If you toil only for your own good and every other man works only for himself, we shall have a poor sort of a world. If we help no one and no one helps us, we shall be poor together; we shall turn the whole universe into one vast poorhouse.

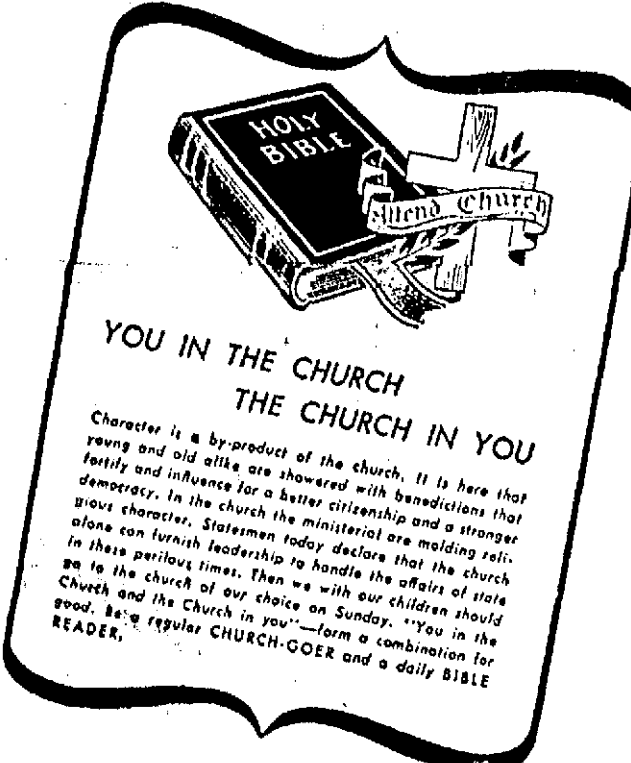

Do you wish others to be friendly and kind and generous in their dealings with you? Then join with the rest in making all life friendly and kind and generous. Homes and neighborhoods and nations will find happiness and prosperity together.

Do you wish others to be honest and truthful and trustworthy? Match them with the same high virtues and all of life becomes truthful and free and dependable.

Do you wish others to be courteous and appreciative of you? Then form the habit of speaking with grace and with good words for their efforts and their deeds. You will bring the glow of happy inner satisfaction for them and they will give your life a sense of worth; each thus becomes important to the other.

Do you wish others to be ready to lend a hand when you have a hard task to do? Then form the habit of helpfulness and we build for mutual prosperity and for a cooperative society.

They who keep "the Golden Rule" will discover that it is the "rule of God"; God helps those who help each other; He is the Father of love and of saving helpfulness; it is the divine way. The "Golden Rule" is still golden.
